Originality

and elegance at the table

At BETIK we have been creating ideal lifestyle products for 85 years. A lifestyle in constant evolution, incorporating new ways to enjoy every moment: new flavours, new formats, new experiences. This continuous transformation is an endless source of inspiration for our team, always creating ideas, designs and innovative solutions.

Karola Collection

Karola is a reusable tableware collection made of melamine, for robust plates with a high quality finish. Its sinuous shapes bring a different, original touch to your table, ideal for serving up unique presentations.

In black, green and ivory, it is one of our favourite collections for premium restaurants that include exotic or fusion cuisine in their menus, thanks to its meticulous design and the wide variety of items available.

The art of serving with style.

Premium tableware for interiors and terraces

Melamine can be recycled
and is dishwasher safe.
Not suitable for use in the microwave.
